

The Windsor Loop

The Windsor Loop

Miles: 8.03

Surface Type: Paved/Gravel

Elevation Gain: 951

Difficulty: Easy/Moderate

A scenic route with little traffic, beautiful scenery, and interesting landmarks. From State St and Main St (Rt 5), turn up State St and continue straight up Hunt Road. Turn right on Marton Road, follow it past the old state prison, then turn right again onto Weeden Hill Road, which turns into County Road and loops you back to Hunt and State St. For a shorter route, turn up State St and turn right on County Road. Pass the Mt. Ascutney Hospital on your left, turn right onto Juniper Hill Rd, and right again onto Main St until you're back where you started.

Legend

	Mile Marker		Brewery/Tavern
	Caution - Steep Grade		Swimming Hole
	Rail Road Crossing		Covered Bridge

Disclaimer

Notice to Bicyclists: This map and accompanying information is intended solely to assist bicyclists in their selection of facilities to ride on throughout Windsor County. In providing this information, Southern Windsor County Regional Planning Commission (SWCRPC) does not designate these facilities as formal bikeways. SWCRPC also does not assume liability for bicyclists who choose to travel upon any of the facilities shown on this map, nor does SWCRPC guarantee the stability, condition or fitness of any of the listed facilities for bicycling. Many of the facilities identified on this map cross and/or run on public roads that are exposed to daily wear and tear and degradation due to weather, motorized traffic and other environmental factors. Facilities may contain pavement imperfections, including ruts, cracks, and bumps. Riders may encounter expansion joints, debris, encroaching vegetation, stormwater inlets, and other natural and man-made features. Riders should also remain alert for areas of visual impairment and other irregularities that may impact rider and motorist ability to see each other or potential road hazards. The chance that one may come into an area of visual impairment or a route irregularity warrants special care on the part of route users. This map includes facilities within multiple jurisdictions. Conditions and design elements may vary between jurisdictions.

It is the responsibility of the individual rider to remain alert at all times as to the conditions of the facility, pedestrian and other traffic on the facility, and the inherent potential for conflict in any shared-use space. Riders should always ride with care for their own safety as well as the safety of all other users of the facility or right-of-way.
